Job Description

9-month Professor of Practice, full-time, salary commensurate with experience. Additional financial incentive for recording/teaching activities during the summer months is possible.

Primary responsibilities: Oversee all audio/video recording (tracking, editing, mixing, and post production), and streaming activity for a new recording studio in the Department of Music. Assist with the selection and initial installation of audio/video gear and oversee all aspects of its operation including recording sessions, live concerts and events, equipment maintenance and storage, scheduling, etc. Run/oversee sound, video, and streaming for live events. Teach an Audio Engineering course as well as other possible related courses.

Additional responsibilities: Manage a team of student workers to record and live stream departmental events. Run/train student workers to run live sound for commercial music ensembles. Oversee archive and distribution of departmental audio and video recordings.
