Posted Nov. 11, 2024, set to expire Mar. 8, 2025

Percent time: Positions may range from 11% to 33% time for one to two courses per year, depending on assigned teaching responsibilities; 6 courses per year equals 100% time.

Anticipated start: Positions typically start at the beginning of the semester (June 1st for Summer Semester; August 1st for Fall Semester; January 1st for Spring Semester), and appointments may be renewable based on the Program's need, funding, and on lecturer performance.

Review timeline: Applicants are considered for positions as needs arise; the existence of this pool does not guarantee that a position is available.

Application Window
Open date: May 3, 2024

Most recent review date: Friday, Oct 25, 2024 at 11:59pm (Pacific Time)
Applications received after this date will be reviewed by the search committee if the position has not yet been filled.

Final date: Friday, May 2, 2025 at 11:59pm (Pacific Time)
Applications will continue to be accepted until this date, but those received after the review date will only be considered if the position has not yet been filled.

Position description

The College of Environmental Design (CED) at UC Berkeley invites applications for a pool of qualified instructors to teach studio and non-studio undergraduate and/or graduate courses, including for the Sustainable Environmental Design (SED) major and the Master of Urban Design (MUD) program.

The Sustainable Environmental Design major recognizes that the emergent, multidisciplinary field of sustainability science is growing rapidly. As the world population urbanizes, the planning and design of resilient, resource-efficient, healthy and socially just cities and metropolitan regions is profoundly important. The major offers students a critical understanding of the sustainability challenges facing urban regions in California and around the globe, and equips them with the technical, analytic and design tools key to devising creative solutions.

The Master of Urban Design degree program is a one-year, advanced, interdisciplinary program of study for students with a prior professional degree in architecture, landscape architecture, or city and regional planning. The program's goals are to further train designers who are able to work effectively in teams across a large range of scales and who have a well-developed understanding of urban places

and the interdependencies of the fabric of buildings, landscapes, public ways, and the social interactions that shape them.

Lecturers will supervise student design projects, give lectures, prepare assignments and project topics & deliverables, hold regular office hours, prepare exams or hold reviews, give design advice, and submit final grades.

Screening of applicants is ongoing and will continue as needed. The number of positions varies from semester to semester (fall, spring and summer), depending upon the needs of the College. Your application is only complete and available for review when you receive an auto-generated confirmation from the recruitment system.

Qualifications
Basic qualifications (required at time of application)
Bachelor's degree (or equivalent international degree) at time of application.

Additional qualifications (required at time of start)
Experience teaching at the College or University level by the start date of the job.

At least 5 or more years of industry experience.

For those who are not US citizens or permanent residents, a legal permit that allows work in the United States (such as a US visa that allows employment) is required by the start date of the position. The department is unable to provide a visa/work permit.

Preferred qualifications
Advanced degree; at minimum Master's degree (or equivalent international degree) in the following concentrations such as: Architecture, Landscape Architecture, City & Regional or Urban Planning, Urban Design, or Sustainable Design at time of application.

About UC Berkeley

UC Berkeley is committed to diversity, equity, inclusion, and belonging. The excellence of the institution requires an environment in which the diverse community of faculty, students, and staff are welcome and included. Successful candidates will demonstrate knowledge and skill related to ensuring equity and inclusion in the activities of their academic position (e.g., teaching, research, and service, as applicable).

The University of California, Berkeley is an Equal Opportunity/Affirmative Action Employer. All qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity, national origin, disability, age, or protected veteran status.

Please refer to the University of California's Affirmative Action Policy and the University of California's Anti-Discrimination Policy.

In searches when letters of reference are required all letters will be treated as confidential per University of California policy and California state law. Please refer potential referees, including when letters are provided via a third party (i.e., dossier service or career center), to the UC Berkeley statement of confidentiality prior to submitting their letter.

As a University employee, you will be required to comply with all applicable University policies and/or collective bargaining agreements, as may be amended from time to time. Federal, state, or local
